Convert VCD to ISO Video to ISO Converter is my best program. This software can convert all popular video formats including VCD, DVD, AVI, MP4, MOV, 3GP, etc. with excellent output quality and... I've been trying to convert torrents to ISO files with vromero (an app that enables you to make on-the-fly ISO images of any mounted partition). The script is very effective but the built-in GUI on vromero is a bit too simple, it does not have all the options I need and I have to use sudo to get all the options. To solve this issue, I've created a small app to use vromero with GUI auto-option selection. How do I convert ISO files to VOB files in Windows 7? I have tried to use the

links below but they don't work
(however, I have used both methods
to do the above successfully with
Linux
